

Pavan Kumar Dharmavaram Girdhar

Lead Technical Writer | Enterprise SaaS Documentation & Content Experience

Hyderabad, India | +91 9010549909 | pavandg2006@gmail.com | LinkedIn | <https://pavandg.github.io/pavankumar-portfolio/>

PROFESSIONAL SUMMARY

Nearly 14 years of technical writing for enterprise and SaaS software, delivering admin- and end-user documentation that drives configuration, adoption, and customer success. Experienced owning release documentation, how-to and conceptual content, and enablement materials in Agile environments with Product, Engineering, and Support stakeholders.

Currently lead Technical Publications at Swimlane: plan and ship help content, release notes, setup and solutions guides, and AI product documentation; improve documentation processes and tooling; and use Gen AI to accelerate the content lifecycle while protecting accuracy. Strong project and stakeholder management across multiple priorities. Proven with Markdown, DITA, MadCap Flare, Git, and Perforce.

CORE CAPABILITIES

- Admin and end-user documentation (conceptual, task-based, setup, release notes)
- Content strategy, gap analysis, and adoption-focused design
- Agile delivery with PMs, engineers, and cross-functional partners
- Project scoping and stakeholder management under ambiguity
- Documentation process and tooling improvements
- Gen AI-assisted content development and lifecycle automation
- Style, structure, and usability-oriented content quality
- Docs-as-Code publishing; Git and Perforce source control

TOOLS AND TECHNOLOGIES

Authoring: Markdown, DITA / structured authoring, MadCap Flare, Archbee, Sphinx, FrameMaker, reST

Source control: Git (GitHub, GitLab), Perforce

Automation / CI: GitHub Actions, Jenkins, Python

Workflow: Jira, Confluence, Cursor (Gen AI), BugDB

PROFESSIONAL EXPERIENCE

Swimlane Automation India Pvt Ltd

Hyderabad, India

Manager - Technical Publications

April 2025 - Present

Lead documentation strategy and delivery for Swimlane Turbine (enterprise SaaS). Own customer-facing help, release, and enablement content for admin and practitioner audiences.

- Plan and deliver end-to-end docs on docs.swimlane.com: user guides, release notes, solutions/setup guides (AI SOC), and Hero AI feature docs for admins and end users.
- Manage a two-writer team: scope feature documentation, apply style/structure standards, and balance multiple release priorities with Product and Engineering.
- Partner with leadership to identify content gaps, clarify ambiguous requirements, and improve adoption through clearer task-based and conceptual IA.
- Use Gen AI (Cursor, MCP tooling) across the content lifecycle - drafting, accuracy checks, drift detection - to increase productivity without sacrificing quality.
- Led MadCap Flare to Archbee migration (~80% cost reduction; ~\$26K to ~\$5.6K/year) with zero release gaps.
- Established Git-based Tech Pubs workflows, release validation, and post-release verification.
- Automated connector documentation (428 connectors; estimated 40-60+ person-months saved) and customer-facing changelog automation.

Senior Technical Writer

March 2024 - March 2025

- Authored core product documentation for SaaS admins and practitioners; established known-issues and release documentation processes aligned to Agile releases.
- Led migration planning and documentation automation; reduced documentation load on Product and Engineering through reusable templates and clear scoping.

Synopsys India Pvt Ltd

Hyderabad, India

Staff Technical Writer

May 2015 - March 2024

- Authored enterprise documentation: conceptual content, how-to/integration guides, programming guides, datasheets, and release documentation.
- Applied style and structure standards; conducted documentation quality audits across global release cycles.
- Modernized content to DITA; automated publishing with Jenkins and reStructuredText.
- Managed multiple documentation streams across distributed, cross-functional engineering teams.

Oracle India Pvt Ltd

Hyderabad, India

Associate Technical Writer

September 2014 - May 2015

- Delivered documentation for Oracle Documaker Suite; improved navigation and usability for admin and practitioner readers.

Dell India R&D Center

Bangalore, India

Technical Writer Analyst

January 2013 - September 2014

- Delivered release notes and user documentation for Dell E-Support and OpenManage Mobile; automated release-note generation.

Jyopa Connexions (Contract) - Dell India

Technical Writer (Contract)

November 2012 - January 2013

- Supported enterprise documentation projects across Dell products.

EDUCATION

Bachelor of Technology (Information Technology)

AWARDS AND RECOGNITION

- Publication Excellence Award - structured content modernization initiative.
 - Multiple spot bonuses for automation contributions and documentation quality.
 - Leadership recognition for docs.swimlane.com migration (CEO, COO, VP of Engineering; Support, Field, and Engineering peers).
-
