PROFESSIONAL SUMMARY

Documentation platform and enablement leader with **13.5+ years** driving scalable documentation and customer adoption across enterprise software and cybersecurity platforms. Proven track record building modular, automated documentation ecosystems aligned with product releases and customer success outcomes.

Currently **manage Technical Publications at Swimlane** — a team of two writers, release deliverables, and documentation platform operations. Leverage AI-assisted workflows and code-level analysis to automate delivery and improve technical accuracy. Built LaneAssist to bring docs Q&A and RFP drafting to Sales and SEs in Slack.

CORE CAPABILITIES

- Documentation platform strategy and architecture
- Docs-as-Code and modular documentation systems
- Product release documentation ownership
- Code analysis for documentation accuracy
- Technical publications team leadership
- Documentation automation and publishing pipelines
- AI-assisted documentation automation
- Cross-functional collaboration (Product, Engineering, Support)

TOOLS AND TECHNOLOGIES

Authoring

Archbee, MadCap Flare, Sphinx, FrameMaker, Markdown, reST, DITA

Workflow

JIRA, Confluence, Cursor, Slack, BugDB

Automation

GitHub, GitLab, Jenkins, GitHub Actions, Python, Perforce

Other

Snagit, Visio, Microsoft Office, Google Workspace

PROFESSIONAL EXPERIENCE

Swimlane Automation India Pvt Ltd

Manager — Technical Publications

Lead documentation strategy and execution for Swimlane's security automation platform.

KEY CONTRIBUTIONS

- **Manage a team of 2 technical writers;** own end-to-end customer documentation for docs.swimlane.com — Turbine User Guide, release notes, solutions guides (AI SOC), and Hero AI updates.
- Built **LaneAssist** — Slack assistant for field docs Q&A and RFP/RFI auto-fill from published documentation (no Cursor required).
- **Led MadCap Flare → Archbee migration** (~80% cost reduction; ~\$26K to ~\$5.6K/year) with two months pre-production validation and zero release gaps.
- **Automated documentation for 428 connectors** from repository metadata — estimated 40–60+ person-months saved; delivered 40+ authentication guides.
- Shipped **customer-friendly connector changelog automation** in the Content Library; back-updated full release history.
- Resolved duplicate marketplace categories via **AI-assisted investigation and AppDirect API cleanup** (38 → 17 canonical categories).
- Established Git-based Tech Pubs workflow, Cursor/Archbee MCP tooling, release validation, and code-aware doc drift detection.
- Own end-to-end release publishing validation, rollback coordination, and post-release verification.

Senior Technical Writer

- Authored core product documentation; established known-issues and release documentation processes.
- Led migration planning and connector documentation automation from repository metadata.
- Reduced documentation workload on product and engineering through reusable templates and workflows.

Hyderabad, India
April 2025 – Present
March 2024 – March 2025

Synopsys India Pvt Ltd

Staff Technical Writer

Hyderabad, India
May 2015 – March 2024

KEY CONTRIBUTIONS

- Authored hardware and software documentation — datasheets, programming guides, integration guides, and release documentation.
- Automated publishing workflows using Jenkins and reStructuredText; led DITA modernization from legacy formats.
- Conducted documentation quality audits across global engineering release cycles.

Oracle India Pvt Ltd

Associate Technical Writer

Hyderabad, India
September 2014 – May 2015

- Managed documentation delivery for Oracle Documaker Suite; improved navigation and usability.

Dell India R&D Center

Technical Writer Analyst

Bangalore, India
January 2013 – September 2014

- Delivered release notes and user documentation for Dell E-Support and OpenManage Mobile; automated release note generation.

Jyopa Connexions (Contract) — Dell India

Technical Writer (Contract)

November 2012 – January 2013

- Supported enterprise documentation projects across Dell products.

EDUCATION

Bachelor of Technology (Information Technology)

JNTU, India — 2012 — GPA: 6.8

Intermediate (MPC), Telangana Board — GPA: 8.3 · SSC, Telangana — GPA: 8.3

AWARDS AND RECOGNITION

- Publication Excellence Award — structured content modernization initiative.
- Multiple Spot Bonuses — automation contributions and documentation quality improvements.
- Leadership recognition for docs.swimlane.com migration; feedback from executive leadership (CEO, COO, VP of Engineering) and peers across Support, Field, and Engineering.
